

## Unit 2 Worksheet 5 - String methods

1 of 1

Pts: 5

Name \_\_\_\_\_

class hour \_\_\_\_\_

I. Given the following Java code fragment, what is output?

```
int a, b;  
String c, d, e;  
String x = new String("I LOVE");  
String y = "java!";  
a = x.length();  
System.out.println("1) " + a);  
b = y.length();  
System.out.println("2) " + b);  
c = y.toUpperCase();  
System.out.println("3) " + c);  
d = x.toLowerCase();  
System.out.println("4) " + d);  
e = x.concat(y);  
System.out.println("5) " + e);
```

Output:
